FROM NOW ON YOU WILL BE HAPPY TO CHANGE THE TILLER

With the KFX Fast Exchange System, you can now uncouple the tiller in just 20 seconds. And on again. And off again... Very conveniently, at the touch of a button, without getting out. The advantage? Less weight, more speed when pushing snow. And time and fuel savings of up to 20%. It's also practical to be able to set the tiller down quickly and easily for transportation, driving into the garage, etc. Don't waste any more time.
Change quickly now – to the KFX Fast Exchange System.

As good as ever. Only faster.

ALL THE ADVANTAGES OF OUR TILLERS – NOW WITH ADDITIONAL FLEXIBILITY

For many years, the tried and tested Kässbohrer AlpineFlex Comfort tiller has been ensuring perfect slopes in ski resorts around the world. All these advantages can also be found in our tiller equipped with the KFX Fast Exchange System.

The KFX Fast Exchange System.
For time and cost-saving work on and off the slopes.

THIS IS WHAT CHARACTERIZES THE KFX FAST EXCHANGE SYSTEM

- Coupling and uncoupling in record time (approx. 20 s each) without getting out of the cab for maximum flexibility and the greatest possible driver comfort
- Amortization usually within a few years (based on customer estimates of savings potential)
- Increase in speed when moving snow without a tiller
- Reduction in fuel consumption of up to 20% when the tiller is removed
- Easy to attach with catch hook for stress-free coupling when approaching with the reversing camera
- Automatic locking of all electrical and hydraulic connections
- Proven standard components for reliable operation
