PistenBully®

Transport box

Hight:	820 mm
Width:	1.260 mm
Length:	2.580 mm
Weight:	400 kg
Payload:	600 kg
Suitable for:	PistenBully All-Way-Blade with holder for snow guns and reinforced quick-mount-system

The ideal attachement for transporatation and storage of small as well as bigger materials.
The front can be opened and the sides are removable so that the transport box is very flexible concerning size of the objects to be transported.
The transport box can be taken without problems with a forklift. Because of the corner brackets the transport box is stackable and therefore can be stored space-savingly.
To be able to move the transport box easily wheels are installed. But they can also be dismantled with a locking bar when required.

Design:
The transport box consists of galvanised steel.
The weight of the box is 400 kg and the payload can be up to 600 kg.
